Designed for contemporary living, the stunning medium height Enzo is spacious in seat depth and width, yet its presence is not overpowering. With distinctive buttoning the Enzo features resilient seat suspension, durable construction and supportive cushioning to ensure lasting comfort and many years of enjoyment.

The round ottoman complements the 'mini-buttoned' look of the range.

Enzo is available in either fabric or leather, as a chair, matching ottoman, and a settee which is available in multiple widths. The chair is available with an optional swivel base which adds extra functionality to the range.
