LOUNGE

All KOVACS products are constructed from the highest quality New Zealand timbers, the best available componentry, superior cushioning materials and premium quality leathers and fabrics. When you choose KOVACS you are investing in lasting good looks, comfort and durability, brought together with world-class design.

Sharply tailored it may be, but Bella's streamlined appearance belies a high degree of comfort. High-density commercial grade foams used in the seating deliver softness while the plump back cushions mould to fit around your body.

A versatile piece, the Bella's angular frame makes it extremely adaptable: place it under a windowsill at home, or, for a commercial setting, line up a whole row of chairs side by side. Its narrow frame and slim-line arms make it the perfect piece for tight spaces.

Covered in any combination of fabrics, Bella adds a touch of sophistication to any setting.

DIMENSIONS (CM)	W	D	H
Chair	82	84	80
2 Seater	145	84	80
3 Seater	209	84	80
Seat height			45

The Bella chair's slightly raised seat makes it easy to get out of, and the feeling of back support is amazing.

The addition of a timber plinth gives more depth to the Bella's frame, emphasizing the chair's physical strength.
