## CHAIR

The Duo breastfeeding chair is a stylish contemporary design, purpose built in consultation with health professionals and is used in most major hospitals throughout New Zealand.

With fully padded high resilient seat foam, the solidly constructed Duo is made using New Zealand timber and offers the ultimate in comfort and support.

Options include:

- ¥ Anti-microbial foam.
- ¥ Non-slip, retractable foot-tray, tucked away neatly when not in use.
- ¥ Adjustable lumbar cushion
- ¥ Heavy-duty hospital grade lockable rear castors

Available in vinyl suitable for the hospital and healthcare environment, in a wide range of colours.

Rear wheels for ease of mobility (individually lockable).

Optional rear pusher handle for moving chair around.

Duo is available in 72cm Standard chair width and 82cm Wide chair width. Available in a range of durable and non-permeable coverings including leather.

# mercedes

## CHAIR

The Mercedes chair has been designed specifically for hospital and healthcare situations. Besides a strong well constructed frame, particular attention has been given to seating comfort. From the ergonomically styled back, with optional adjustable headrest for ultimate support in all situations, to the seat,

where covering the thick 'high density' foam base, we have a sumptuous layer of 'Luxura' a foam designed for burns patients, minimizing discomfort and pressure sores.

The perfect chair.

Motorised **Ezi-out** recliners include swivel castors (rear braked) and hand wand as standard.

The Mercedes **Ezi-out** recliner is an excellent choice for **Kanga Care** in ICU- Neo Natal. Fully motorised it allows parents and caregivers to concentrate fully on baby while in the recline position and then exiting the chair independently.

The chairs are available as follows; a recliner, motorised recliner and motorised **Ezi-out** recliner - with a variety of features and options.

Options include;

- ¥ Heavy-duty lockable castors
- ¥ Adjustable headrest
- ¥ Swivel food tray
- ¥ Anti-microbial seat foam
- ¥ Pocket for hand wand

The Mercedes is a NZ hospital approved item and is now used in all major New Zealand hospitals.

MEDICAL

An adjustable head-rest is available as an option on all Mercedes recliners.

The hand wand is standard on motorised recliners with an optional pocket for easy find storage - alternatively motorised recliners can be fitted with an inside arm mounted switch.

A swivel meal tray with spill channel is available with or without recessed cup holder cavity (note: meal tray is not recommended for use on the 3D motion recliner).

Optional heavy duty rubber and steel castors with rear brakes.

The Recliner chair is activated by a tasteful flush-mounted release lever.
