## LOUNGE

*All KOVACS products are constructed from the highest quality New Zealand timbers, the best available componentry, superior cushioning materials and premium quality leathers and fabrics. When you choose KOVACS you are investing in lasting good looks, comfort and durability, brought together with world-class design.*

The ultimate slouch couch, the Columbia is quite possibly the most comfortable settee imaginable. Sink in and disappear after a long day. Luxuriate in the extravagantly cushioned sofa, where the extra depth front to back, top to bottom makes a world of difference.

A slim, contoured arm ensures the Columbia sits well in both contemporary and traditional settings: its flowing lines look good from all angles and make a welcome departure from boxy lounge suites. The low lines of the Columbia offer a cocoon of comfort and support.

Revel in the intricate KOVACS finishing – the perfect piping details – and the knowledge that the solid beech frame and Ergofill cushioning guarantee years of lasting comfort and maximum enjoyment.
