CHAIR

All KOVACS products are constructed from the highest quality New Zealand timbers, the best available componentry, superior cushioning materials and premium quality leathers and fabrics. When you choose KOVACS you are investing in lasting good looks, comfort and durability, brought together with world-class design.

The Baron chair is both modern and classic in appearance and provides the comfort of a larger chair yet remains relatively compact.

The Baron can be ordered as a fixed chair or as a recliner in either fabric or leather. In either case the chair comes standard with traditional winged sides. When ordered as a recliner there are no handles, knobs or buttons to activate. Simply sit and push the back to recline - nothing could be easier!

DIMENSIONS (CM)	W	D	H
Chair	77	88	102
Seat height			46.5

The seat covering and fill runs over onto the chaise footrest giving good support with no pressure points.

Alter resistance of the recliner action to suit your size and strength, with a simple turn of the butterfly screws.
