CHAIR

All KOVACS products are constructed from the highest quality New Zealand timbers, the best available componentry, superior cushioning materials and premium quality leathers and fabrics. When you choose KOVACS you are investing in lasting good looks, comfort and durability, brought together with world-class design.

An edgy design. The Leon will appeal to those seeking a chair exuding personality.

The generous width gives balance to the chair adding to its aesthetically pleasing lines. The subtle, yet sensuous, curve of the legs breaks up the squareness.

While the button detail adds a retro feel, Leon's clean neat lines ensure it works well in both contemporary and traditional settings.

Click two or more of these stunning chairs together with a Croc-Lock to create a high-fashion armless settee: precision-made, with all physical details matching, you'd never know it was made up of individual units.

Suited to a vast array of fabric choices, the Leon takes on a completely new character depending on the covering and choice of stained or painted leg finishes.

DIMENSIONS (CM)	W	D	H
