All KOVACS products are constructed from the highest quality New Zealand timbers, the best available componentry, superior cushioning materials and premium quality leathers and fabrics. When you choose KOVACS you are investing in lasting good looks, comfort and durability, brought together with world-class design.

A charming, retrospective take on the chair and 2 seater, the Austin's style is at once both sophisticated and idiosyncratic. It's the design to add an individualistic manner to your manor.

While wide and comfortable it sits within a small footprint, the added practicality of concise design ensuring no space is wasted. And yet no element of style is compromised either. With an attention to detail and a focus on construction this range maintains the quality and durability of right-now New Zealand while exuding the charm and excitement of mid-century Britain.

This charm is at the heart of the Austin's distinctive style. It echoes a mindset of long attention spans and long-life furniture, one that appreciated the value of things and chose accordingly. For the discerning furniture buyer, the Austin is such a choice.

The solid wood legs are polished to a satin finish and are available in six standard colours.
