LOUNGE

All KOVACS products are constructed from the highest quality New Zealand timbers, the best available componentry, superior cushioning materials and premium quality leathers and fabrics. When you choose KOVACS you are investing in lasting good looks, comfort and durability, brought together with world-class design.

The Brooklyn's peaceful symmetry and astute simplicity allow it to sit easily in Apartments or open spaces.

A low back and level arms keep the silhouette compact, And the tailored upholstery ensures

a neat appearance over time with both fabric and leather as options. The slim plinth adds finer detail to an otherwise substantial piece and balances the curved elements with contrasting angles. Wooden legs, long and tapered, elevate and soften the profile.

With a sturdy Southland beech frame, reinforced by steel in the two larger sizes, the shape is designed to last. In a world where extremes are easy and design is disposable, the Brooklyn stands out as a study in composure and balance.

The solid wood legs are polished to a satin finish and are available in six standard colours.
