All KOVACS products are constructed from the highest quality New Zealand timbers, the best available componentry, superior cushioning materials and premium quality leathers and fabrics. When you choose KOVACS you are investing in lasting good looks, comfort and durability, brought together with world-class design.

The design of the Henley delivers from-the-past glamour and in-the-now sophistication. This is a transitional piece, designed to sit equally well in a century-old wooden-floored bungalow as a sleek, ultra-modern setting.

The English rolled-arm style, wide and accentuated with a slight outward roll, creates the spacious feeling the style is known for.

The thick seat cushions are contoured for maximum comfort. Additional elements place the design firmly in the present day. Available in steel or timber, the balanced proportions of the base provide an efficient solidity and easy compatibility with other modern pieces.
