CHAIR

All KOVACS products are constructed from the highest quality New Zealand timbers, the best available componentry, superior cushioning materials and premium quality leathers and fabrics. When you choose KOVACS you are investing in lasting good looks, comfort and durability, brought together with world-class design.

The Taylor is very much it's own chair, its range of unique style and comfort features provides both personality and functionality.

Piping around back and arm front is an optional extra.

The seat line is separate and the 'cut away' arm profile a defining feature, the Taylor can offer a refined or quirky demeanor depending on use of fabric and finishes. Ideally suited for small spaces and incredibly comfortable, the Taylor enhances a wide range of interior environments.

The solid wood legs are polished to a satin finish and are available in six standard colours.

DIMENSIONS (CM)	W	D	H	SH
Chair	73	74	70	45

SH = Seat height.
