MODULAR RANGE

All KOVACS products are constructed from the highest quality New Zealand timbers, the best available componentry, superior cushioning materials and premium quality fabrics. When you choose KOVACS you are investing in lasting good looks, comfort and durability, brought together with world-class design.

The ultimate slouch couch, the Columbia is quite possibly the most comfortable modular seating imaginable. Sink in, disappear, and luxuriate after a long day, in this extravagantly cushioned range, where the extra depth front to back and top to bottom makes a world of difference.

The individual pieces in the Columbia modular range are held firmly together with Croc-Lock joining mechanisms, a useful feature for transportation and rearranging the lounge.

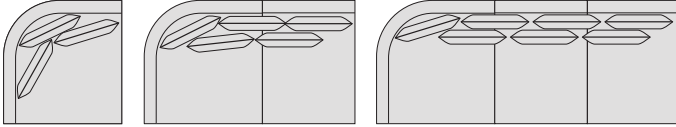

A slim, contoured arm ensures the Columbia sits well in both contemporary and traditional settings: its flowing lines look good from all angles making a welcome departure from boxy lounge suites. The low lines and generous proportions of the Columbia offer a cocoon of comfort and support.

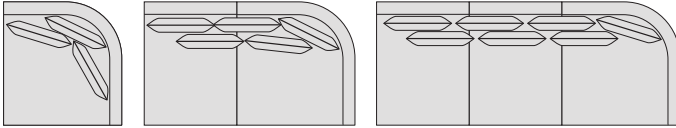

Revel in the intricate KOVACS finishing – right down to the last detail, knowing that the solid beech frame and Ergofill cushioning guarantee years of lasting comfort and maximum enjoyment.
