CHAIR

All KOVACS products are constructed from the highest quality New Zealand timbers, the best available componentry, superior cushioning materials and premium quality leathers and fabrics. When you choose KOVACS you are investing in lasting good looks, comfort and durability, brought together with world-class design.

The reasoning behind the name of this chair should become obvious when it's viewed alongside our popular Franklin model. While the Frankie has the distinctive style and well-padded comfort of it's bigger brother the lower profile, slimmer hind leg and compact footprint of this chair make it suited to a wider range of interior environments in both commercial and residential settings.

With huge flexibility in fabric styles and small-but-confident charm this is a chair

that can fit in or stand out. Frankie is also available with three tailoring finishes making your choices even greater.

Commercial grade foam and strong Southland beech and MDF structure provide heavy-duty durability.

DIMENSIONS (CM)	W	D	H	SH
Chair	69	79	92	47

SH = Seat height.

The solid wood legs are polished to a satin finish and are available in six standard colours.

Frankie Chair
