groovy

LOUNGE

Stunning in either fabric or leather the Groovy is shown left with the Mod side table 01.

We decided to reinterpret this classic to highlight both the resiliency and sense of energy and optimism in our hometown. The Groovy chair and settee provides timeless sophistication and superior structural and surface integrity.

All KOVACS products are constructed from the highest quality New Zealand timbers, the best available componentry, superior cushioning materials and premium quality leathers and fabrics. When you choose KOVACS you are investing in lasting good looks, comfort and durability, brought together with world-class design.

The chair, available in both fabric and leather, is a laid-back, deceptively spacious piece. With its stylish leather demeanour the couch is both elegant yet slightly irreverent, a look that matches the decorative bearing with pure design functionality. The message behind both is simple – now is the time to get back into our groove.

After the recent seismic upheaval of Christchurch the lessons from history seem all the more relevant. The Groovy harks back to post-war affluence and security of the 50s and 60s, a time where society looked past previous problems and ushered in a new era of experimentation and vitality in style.

The solid wood legs are polished to a satin finish and are available in six standard colours.

DIMENSIONS (CM)	W	D	H
Chair	90	88	89
2.5 Seater	167	88	89
3 Seater	197	88	89
Seat height			44
