## MODULAR RANGE

*All KOVACS products are constructed from the highest quality New Zealand timbers, the best available componentry, superior cushioning materials and premium quality fabrics. When you choose KOVACS you are investing in lasting good looks, comfort and durability, brought together with world-class design.*

Building on the success of an earlier model, the Morgan introduces a high back, thicker seat cushions and a new level of laminate foam for superior ergonomic support.

The level of comfort is backed by solid, enduring design – it will look as good years from today as it does here and now. The adaptability of the Morgan is not limited to its settee or modular layout either.

Create a fabric finish that is unique to your style. Change the arm placement to ensure efficiency of space. Choose the feet, be it wooden peg leg as standard or stiletto aluminium leg, to step in sync with your space.

The solid wood legs are polished to a satin finish and are available in six standard colours.
