MODULAR RANGE

All KOVACS products are constructed from the highest quality New Zealand timbers, the best available componentry, superior cushioning materials and premium quality fabrics. When you choose KOVACS you are investing in lasting good looks, comfort and durability, brought together with world-class design.

The Newport offers a snug, stylish and sophisticated approach to modular seating, its chunky shape and careful construction prove pleasing on the eye and even more on the body. With its clear-cut European lines, compact footprint and flange detailing the couch can easily fit into a range of décor styles.

The quality of comfort is considerable also. Here the mid-back height will support the shoulders without the design overpowering the room. The high quality foams provide firm support and the enticement to stretch out and slip into hours of serene relaxation.

DIMENSIONS (CM)

W

Ottoman
Storage

The individual pieces in the Newport modular range have the option to be held firmly together with Croc-Lock joining mechanisms, a useful feature for stopping unwanted movement between the individual units.

A strong and stable hinge is used on all Kovacs storage ottomans. Opening is an easy one handed operation, the lid locks up and is balanced for safety.

- 1 x Ottoman / Storage
- 6 x Straight Unit Standard
- 2 x Corner Unit
- 1 x End Unit Standard / left arm

- 1 x End Unit Large / left arm
- 3 x Straight Unit Large
