All KOVACS products are constructed from the highest quality New Zealand timbers, the best available componentry, superior cushioning materials and premium quality leathers and fabrics. When you choose KOVACS you are investing in lasting good looks, comfort and durability, brought together with world-class design.

The clean, simple lines of the Verdi ensure this furniture fits easily into both traditional and contemporary settings. The covering can be either fabric or leather and the solid wood arms and legs look great in a variety of finishes. Available in two sizes - chair and settee. The seat cushions are reversible and the back cushions are removable.

The solid wood legs are polished to a satin finish and are available in six standard colours.

The Verdi lives up to the reputation "furniture with attitude". This is styling that will appeal for many years.
