## LOUNGE

*All KOVACS products are constructed from the highest quality New Zealand timbers, the best available componentry, superior cushioning materials and premium quality leathers and fabrics. When you choose KOVACS you are investing in lasting good looks, comfort and durability, brought together with world-class design.*

Named for the robust steel frame at its heart, the Axle is a minimalist masterpiece with complex attraction. Simple and masculine in form, the imposing steel frame

is striking from a distance while providing industrial strength in functionality. This frame sets up a surprising contrast to the comforting lines of the cushioning, which combines feather and foam.

The feather-filled arms create a plush, pliable surface to sink into which, together with the crafted seat and back, brings you a new level of comfort. Although it seems incongruous, the Axle really is strong and soft at the same time. It's a blend of the qualities most valued by Kovacs.

DIMENSIONS (CM)	W	D	H
2.5 Seater Settee	185	92	81
3 Seater Settee	217	92	81
3.5 Seater Settee	240	92	81
Chair	101	92	81
Seat Height			46

Simple and masculine in form, the imposing steel frame is striking from a distance while providing industrial strength in functionality.
