All KOVACS products are constructed from the highest quality New Zealand timbers, the best available componentry, superior cushioning materials and premium quality leathers and fabrics. When you choose KOVACS you are investing in lasting good looks, comfort and durability, brought together with world-class design.

Lighthearted and refined, the Hudson's careful balance suits a wide range of residential and commercial applications.

In conception and construction distinct elements stand out. The gentle curves of the geometric design and heavy-duty foam provide good looks and enduring comfort.

The solid, industrial raw steel legs also deliver subtle functionality – the straight lines and generous proportions emphasized with a sense of hovering weightlessness.

The solid wood legs are polished to a satin finish and are available in six standard colours.
