CHAIR

All KOVACS products are constructed from the highest quality New Zealand timbers, the best available componentry, superior cushioning materials and premium quality leathers and fabrics. When you choose KOVACS you are investing in lasting good looks, comfort and durability, brought together with world-class design.

DIMENSIONS (CM)	W	D	H
Chair	79	73	70
Seat Height			43

It's been dubbed 'the little chair that will go anywhere' by our team. The Spyder works well with larger pieces or, with a bold colour or textured fabric, become a centerpiece in its own right.

The elegant legs have a delicate appearance that belies their true strength. Constructed in welded steel, powder-coated and bolted, they deliver a compact silhouette for the deceptively spacious seat.

This adaptability is matched by comfort, which is a hall mark of all Kovacs product.

Powdercoated steel legs are finished in colour - Dulux Mannex - a lightly textured durable matte surface.
