

GIBBSTON LOUNGE

The rugged, elemental base and tranquil backdrop of Gibbston Valley provided all the inspiration needed for this settee and chair design. Just like the renowned grape-growing destination so too does this model look alluring from every angle, the elegant curved back ensuring it can settle down into the background or stand out in the middle of the room. Quality construction makes the difference, pre-bent and straight steel components creating shape and strength while allowing cushioning and other design elements to combine with grace and style. Plush and bold without being too flashy or 'of-the-now', the Gibbston, like a good vintage, will reward those in the years to come.
