DESIGN FURNITURE

OREGON MODULAR LOUNGE

Initial impressions characterising this unique piece is the beautifully tailored seating cocooned within a refined Show Wood Frame. Simple in form yet well balanced and proportional in its lines creating a sense of calm that draws you in further. Like anything of true worth, the Oregon has the power to completely satiate your senses and keep you transfixed. The solid external Beech structure disguises an internal seat frame, encasing the steel suspension while adding strength and support. This provides the basis of our unique seating consisting of graduated density layered foam seats, baffled and encased ergofil back cushions, supported by a padded gently sloping back frame. These elements combined, enable one to experience the ultimate in comfort and support.

Oregon, an introduction to the art of relaxation.

Available in a variety of units and sizing enabling flexibility to configure the perfect layout. We suggest the use of quality, upholstery grade textured plains be used as a covering.
