ROMA CHAIR

Bridging the gap between the large lounge and the small cocktail chair, the Roma easily fits into a variety of seating settings. Available in two versions (upholstered or with wooden legs), the Roma has a reversible back cushion, full high resilience foam padding and availability in either fabric or leather. Whatever choice is made in construction the final result will be the same: refined style, superb comfort and many years of pleasurable use.

DIMENSIONS (CM)	WIDTH	DEPTH	HEIGHT
Chair Fabric Leg	70	76	81
Chair Wood Leg	70	76	81
